

HORSES & HOME SCHOOLERS

2021

HORSEPLAY FARMS is ready to begin our **NEW Spring Semester of Horses & Home Schoolers,**
A unique Experiential Learning Program focused on Equine Assisted Education!

Our Program offers a full range of Equine Assisted Recreational & Educational Activities including, but not limited to:

- Scholastics (science including anatomy and nutrition, math, reading, etc.),
- Horsemanship/horse care (grooming, ground work, veterinary and farrier care,
- Personal development (communication, leadership, teamwork, self-confidence).

Our programs also include nature and agricultural education/activities.

HORSEPLAY FARMS is located at Horseplay Farms, a 60-acre farm in Bolivia, NC. which features riding/walking trails throughout the farm.

Because we are a small, community-based organization, we can tailor programs to meet individual and/or group activities.

To learn more about **HORSEPLAY FARMS**, the programs that we offer, and meet the horses and staff, please check out our Website, horseplayfarms.net
